Press Event Welcomes EnerDel to Anderson

Anderson, IN July 14th, 2022. EnerDel hosted a Press Event introducing the company to Anderson, IN and surrounding areas. EnerDel was honored to welcome directors of the City of Anderson, Anderson University board members, Flagship leadership, and the Mayor of Anderson, Thomas J. Broadrick, to the Press Event on Thursday. Leadership members of EnerDel, Steve Heir, Kev Adjemian, Derrick Buck, James Bowman, and Chris Bardsley, devoted their time attended the Press Event in order to greet the Anderson community. Mr. Paul Herbert, the US private investor who recently acquired EnerDel, Inc and its holding company, traveled from Tennessee to attend the Press Event. The first event since Mr. Herbert acquired ownership of the company.

Mr. Herbert acquired EnerDel through his company PLH Energy, LLC. The official announcement was made as the transaction closed to the company's sixty US employees, customers, and suppliers. Due to this change in ownership, EnerDel is now an American owned and managed company.

The Press Event included a tour of the manufacturing plant, led by Derrick Buck, that allowed guest to get a first look at the production of EnerDel technology. Following the manufacturing plant tour, Kev Adjemian presented an overview of the company as well as the mission and vision of EnerDel as an American owned company. After the presentation, EnerDel hosted a community lunch to thank those who attended the Press Event.
